RE: Application for DPS Accreditation under Title 37, Texas Administrative Code, Chapter 28, Subchapter H

Dear Mr. Kevin Noppinger:

With some exceptions, Code of Criminal Procedure, Article 38.35, requires Department of Public Safety (DPS) accreditation as a predicate to the admission of the forensic analysis of physical evidence and expert testimony relating to the evidence in a criminal case.

As the designee of the Director of the Department of Public Safety, I have considered your application based on your national accreditation from FQS-I and grant Full DPS Accreditation to DNA Labs International.

The term of FQS-I accreditation is from 9/1/2005 to 9/1/2007 unless they have extended their accreditation as part of a routine renewal process, for the following disciplines:

Biology

There are no limitations imposed on these accredited disciplines.

The term of DPS accreditation is from 8/6/2007 until such time that the accreditation from FQS-I is no longer current.

DPS Accreditation is contingent upon compliance with Title 37, Texas Administrative Code, Chapter 28, Subchapter H, including requirements of reporting correspondence, reports or communication between the laboratory and the accrediting body. DPS accreditation will be automatically rescinded at the same date and time as FQS-I withdraws your laboratory accreditation.

Yours Truly,

D. Pat Johnson
Director, Crime Laboratory Service
